Douglas County Juvenile Programs

Our Mission is to provide quality services for children, youth, parents and families that support treatment, rehabilitation, supervision, strengthening of the family system, and reducing recidivism. 770-920-7121 or <https://www.douglascountyga.gov/214/Juvenile-Programs>

LINK (Linking, Integrating, and Networking for Kids)

The purpose of LINK/LIPT is to improve and facilitate the coordination of services for children with severe emotional disorders (SED) and/or addictive disease (AD). Representatives from several child serving agencies in the community come together three times per month to help families.

For more information on referrals to Douglas LINK, contact Debbie McDonald at 770-920-7245 or dmcdonald@douglascountyga.gov.

Families in Transition of West Georgia, Inc. (FIT)

FIT is a nonprofit organization in Douglas County that supports several programs aimed at meeting the needs of youth and families. We appreciate any monetary donations that will support families and youth in Douglas County. In addition to supporting the LINK Program, other focus areas include Evidence Based Programming (EBPs), Mentoring Programs, and support to our local Family Treatment Court (FTC) and juvenile mental health Chance Court.

Youth Challenge Academy (YCA)

YCA was established by the National Guard in 1993 to turn around the lives of young men and women between the ages of 16 and 18 who are having trouble in completing traditional high school. This is a cost-free program open to Georgia residents. The Academy's mission and curriculum are accomplished during the residential phase through the completion of the following eight core components: Life Coping Skills, Educational Excellence, Responsible Citizenship, Skills Training, Health, Hygiene and Sex Education, Physical Fitness, Leadership and Followership, & Community Service. Youth Challenge uses a military model to transform the lives of our students, by employing the following strategies: a tough, no non-sense approach to discipline and a caring, patient, and determined attitude towards education. About ninety percent of our non-uniformed staff and all cadre (the staff who maintain discipline and instruct and train in the military lifestyle) are ex- or current military members. YCA partners with Georgia's Graduation Achievement Charter High School. This allows eligible cadets the opportunity to complete their High School Diploma while at the Youth challenge Academy (YCA).
